SECURITY DOORS & SCREENS

ZIPSCREENS

- Provide excellent protection from the weather and insects
- Great for outdoor entertaining areas & protection from the elements
- Motorised or spring or crank operation
- Choice of mesh fabrics allowing complete privacy or filtered views

AUTOMATIC SPRING AWNINGS

- Popular window treatment which shields windows from harsh sunlight & rain
- Large range of hard wearing fabrics in many colours and patterns
- More effective than an internal blind at reducing heat
- Optional hood available to protect awning

STRAIGHT DROP SHADES

- Provide shade and protection from glaring sunlight for outdoor areas
- Large range of fabrics including mesh, canvas and acrylic
- Range of fabrics for complete privacy or different levels of transparency

RETRACTABLE ROOF

- Retractable Roof Cover offers weather protection from rain, sun and wind
- Available in decorative waterproof fabrics, canvas, acrylic or PVC roof
- Motorised operation with Remote Control
- Simply retracts when not needed

FOLDING ARM AWNINGS

- Retractable system providing shade for outdoor areas
- Headbox available allowing mechanism to be concealed when retracted
- Can be retracted out of the way when not in use
- Motorised or Manual Operation

ROLLER BLINDS

- Modern, practical and economical window covering
- Large range of fabrics including blackout, light filtering and sheer fabrics
- Designer patterns and custom prints available
- Childsafe chained systems or motorised operation

DOUBLE ROLLER BLINDS

Modern combination of sheer and blackout blinds give option of privacy both day and night while allowing diffused light and views during the day

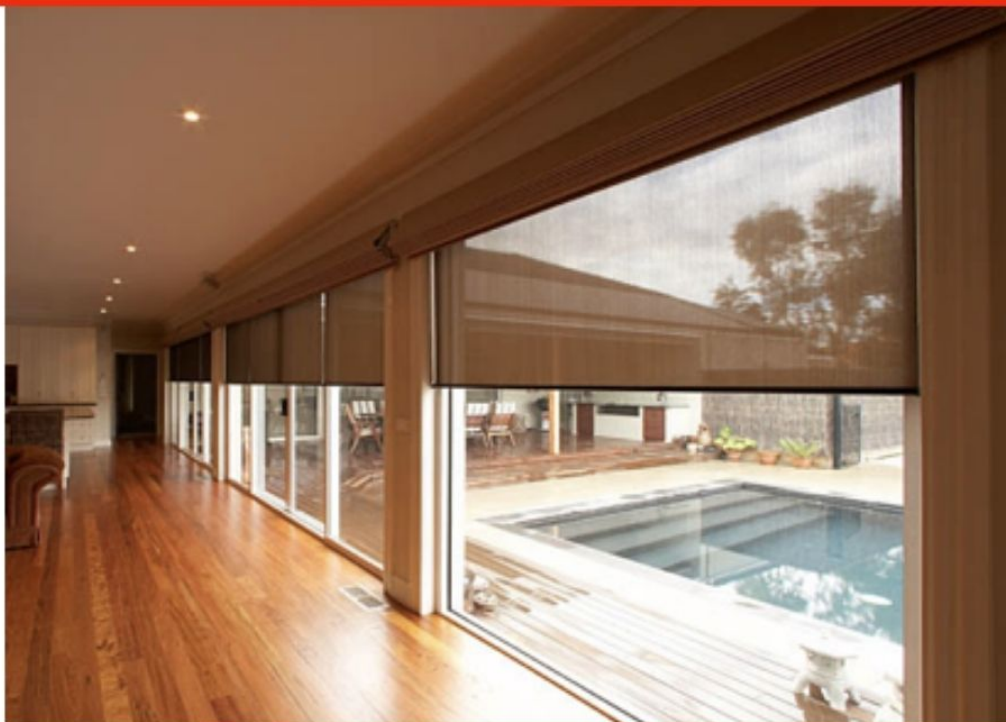

High UV protection and insulation

Numerous combinations of sunscreen, light filtering and blackout fabrics available

SUNSCREEN ROLLER BLINDS

- Sunscreen blinds allow light control without losing views
- Unique weave of the fabric allows for daytime privacy
- If nighttime privacy is required, they can be combined with a blackout blind
- Provide protection from heat and glare

TRANSLUCENT ROLLER BLINDS

- Translucent fabric filters out the sunlight and harsh rays
- They allow soft diffused light to enter a room
- Fabrics do not allow a view and maintain privacy
- Available in many plain or beautifully textured fabrics
- Can be combined with a blackout blind

DESIGNER ROLLER BLINDS

- Many beautiful, luxurious patterned fabrics to choose from
- Can be printed with custom pictures and company logos
- Patterns include floral, children's designs or abstract designs
- Available in blockout, translucent and sunscreen fabrics
- Glow in the dark fabrics available for children's rooms

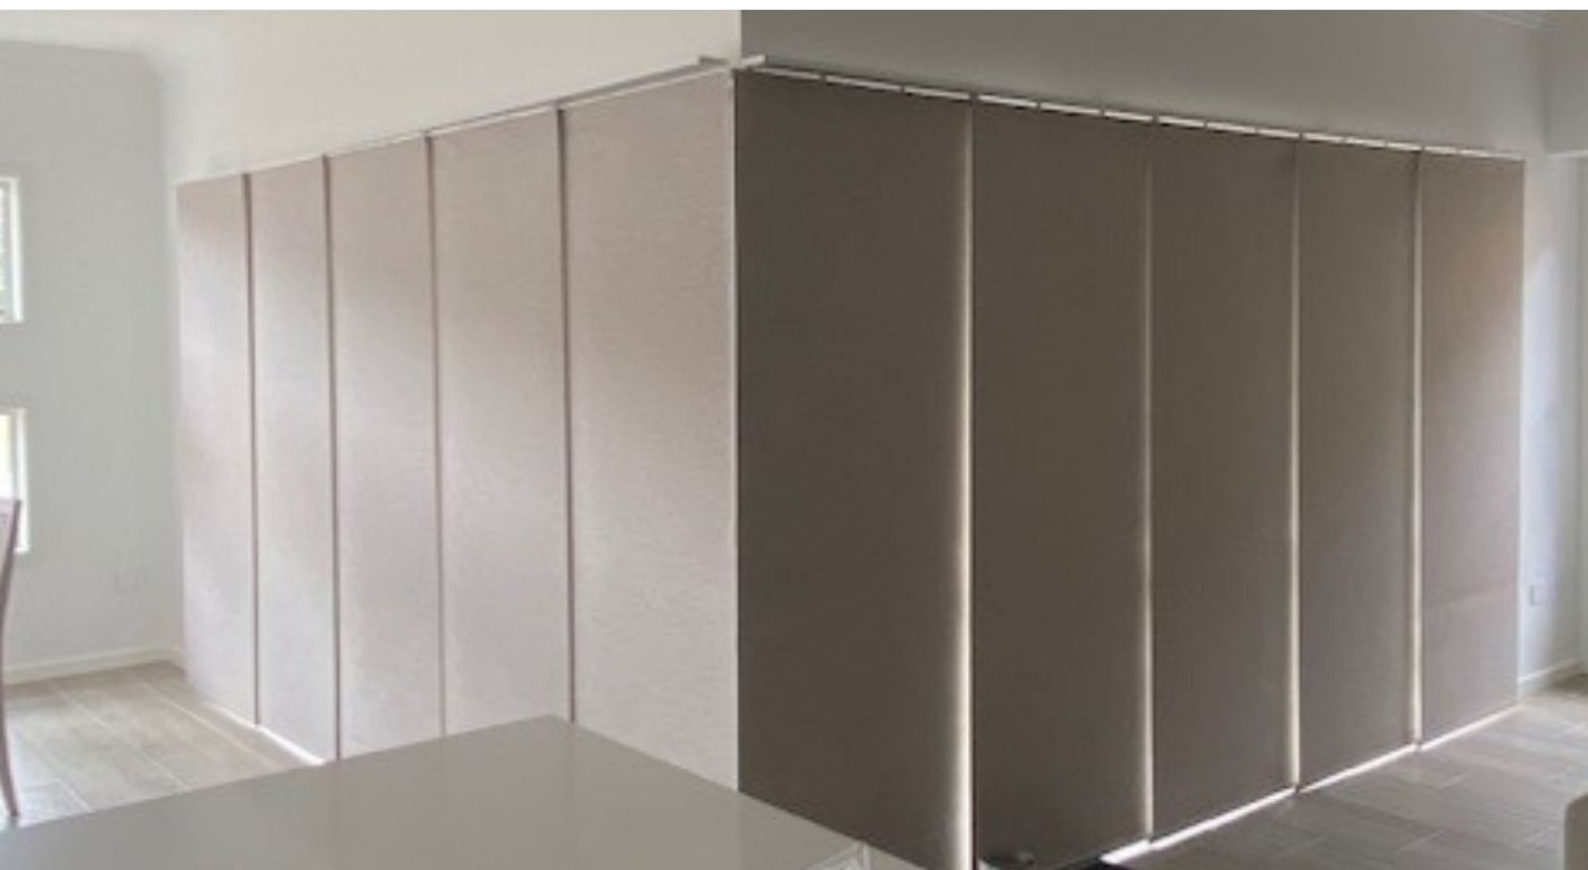

ROMAN BLINDS

- Sophisticated and stylish window furnishing
- Blind gathers softly into gentle folds as it is raised
- Large range of blockout and translucent fabrics
- Hidden or exposed battens available
- Childsafe chain operated for ease of use

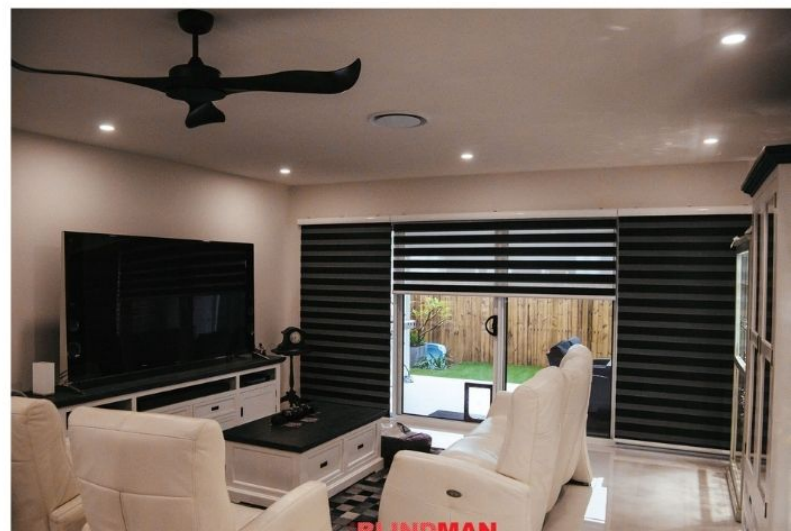

PANEL GLIDE BLINDS

- Modern furnishing option for sliding doors and large glassed areas
- Available in many beautiful blockout, sheer or light filtering fabrics
- Wide panels slide across overlapping each other when blind is open
- Panels are mounted on a slim multi-channel track and slide across using a wand

DUAL SHADE BLINDS

- Contemporary blind combining a double layer of opaque and translucent striped fabric allowing control of light and privacy
- Available in a large range of beautiful colours and textures
- Fabric is rolled up with a childsafe chain control
- Blind fabric rolls up into a cassette system

VERTICAL BLINDS

- Allow complete control of light and privacy by turning the blades of fabric
- Economical window covering for windows and doors
- Available in many blackout, textured or designer patterned fabrics
- Option of chainless or chained bottom weights

VERI SHADES

- A stylish window furnishing which combines the elegant, soft look of curtains with the practical function of a vertical blind
- Constructed from beautiful individual fabric panels with alternating sheer and opaque folds
- Have the look of a sheer but provides for privacy and light blocking when closed
- Available in many colours and patterns

VENETIAN BLINDS

Timberstyle Blinds & Aluminium venetians

- Timberstyle venetians are manufactured from durable polystyrene to achieve a timber like finish and are water resistant making them suitable for wet areas
- Aluminium venetians are manufactured with aluminium blades and are available in a large range of colours
- Venetians are very functional and allow for great light and privacy control by tilting blades

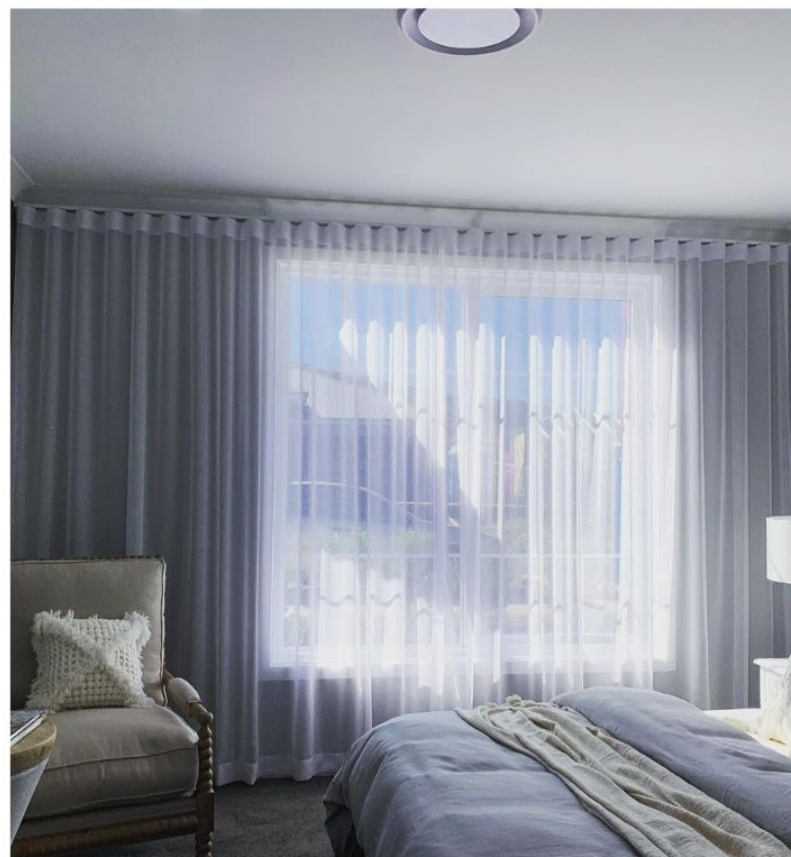

CELLULAR BLINDS

- Honeycomb design of fabric captures pockets of air providing superior insulation
- Available in a single, double and triple cells and foiled cells for extra insulation
- Choice of many colours of blackout, light filtering and patterned fabrics
- Many options including top down/bottom up and great for skylights and shaped windows

CURTAINS

- Soft and elegant window furnishing which brings classic sophistication and warmth to a room
- Beautiful range of Sheer, Room Darkening, Blockout and Textured fabrics
- S-Fold Sheer curtains give a contemporary, elegant look to any room
- Blockout curtains give superior room darkening to media and bedrooms

PLANTATION SHUTTERS

- Contemporary window furnishing which give a beautiful finish to any room
- Provide easy light and privacy control
- Available in Polymer, Timber, Aluminium and Cedar
- Excellent insulator, long lasting and durable
- Add long term value to any home

ROLLER SHUTTERS

- Manufactured from fully extruded aluminium
- Can provide security as well as noise and bushfire protection
- Excellent insulation from extreme heat and cold
- Can be motorised for easy operation

SECURITY DOORS & SCREENS

- Offers the highest standard of security, durability and aesthetic appeal
- 316 marine grade corrosion resistant stainless steel mesh that provides strength and quality
- Security of a 3-Point Locking System
- High BAL Rating (Bushfire Attack Level): 40
- Large range of meshes to choose from for safety and flyscreen doors
